

MERIDIAN

YACHTS · BROKERAGE & NEW CONSTRUCTION

MERIDIAN

A brokerage for owners who measure luxury by the horizon — buying, selling and building exceptional yachts.

A steady hand on the water.

Meridian is a small brokerage for the buying, selling and building of exceptional yachts. We are not a listings portal. We take a handful of vessels, and a handful of owners, at a time — and give each the discretion, judgement and patience a decision of this scale deserves.

M/Y AURORA · 62 M

Light, low and fast.

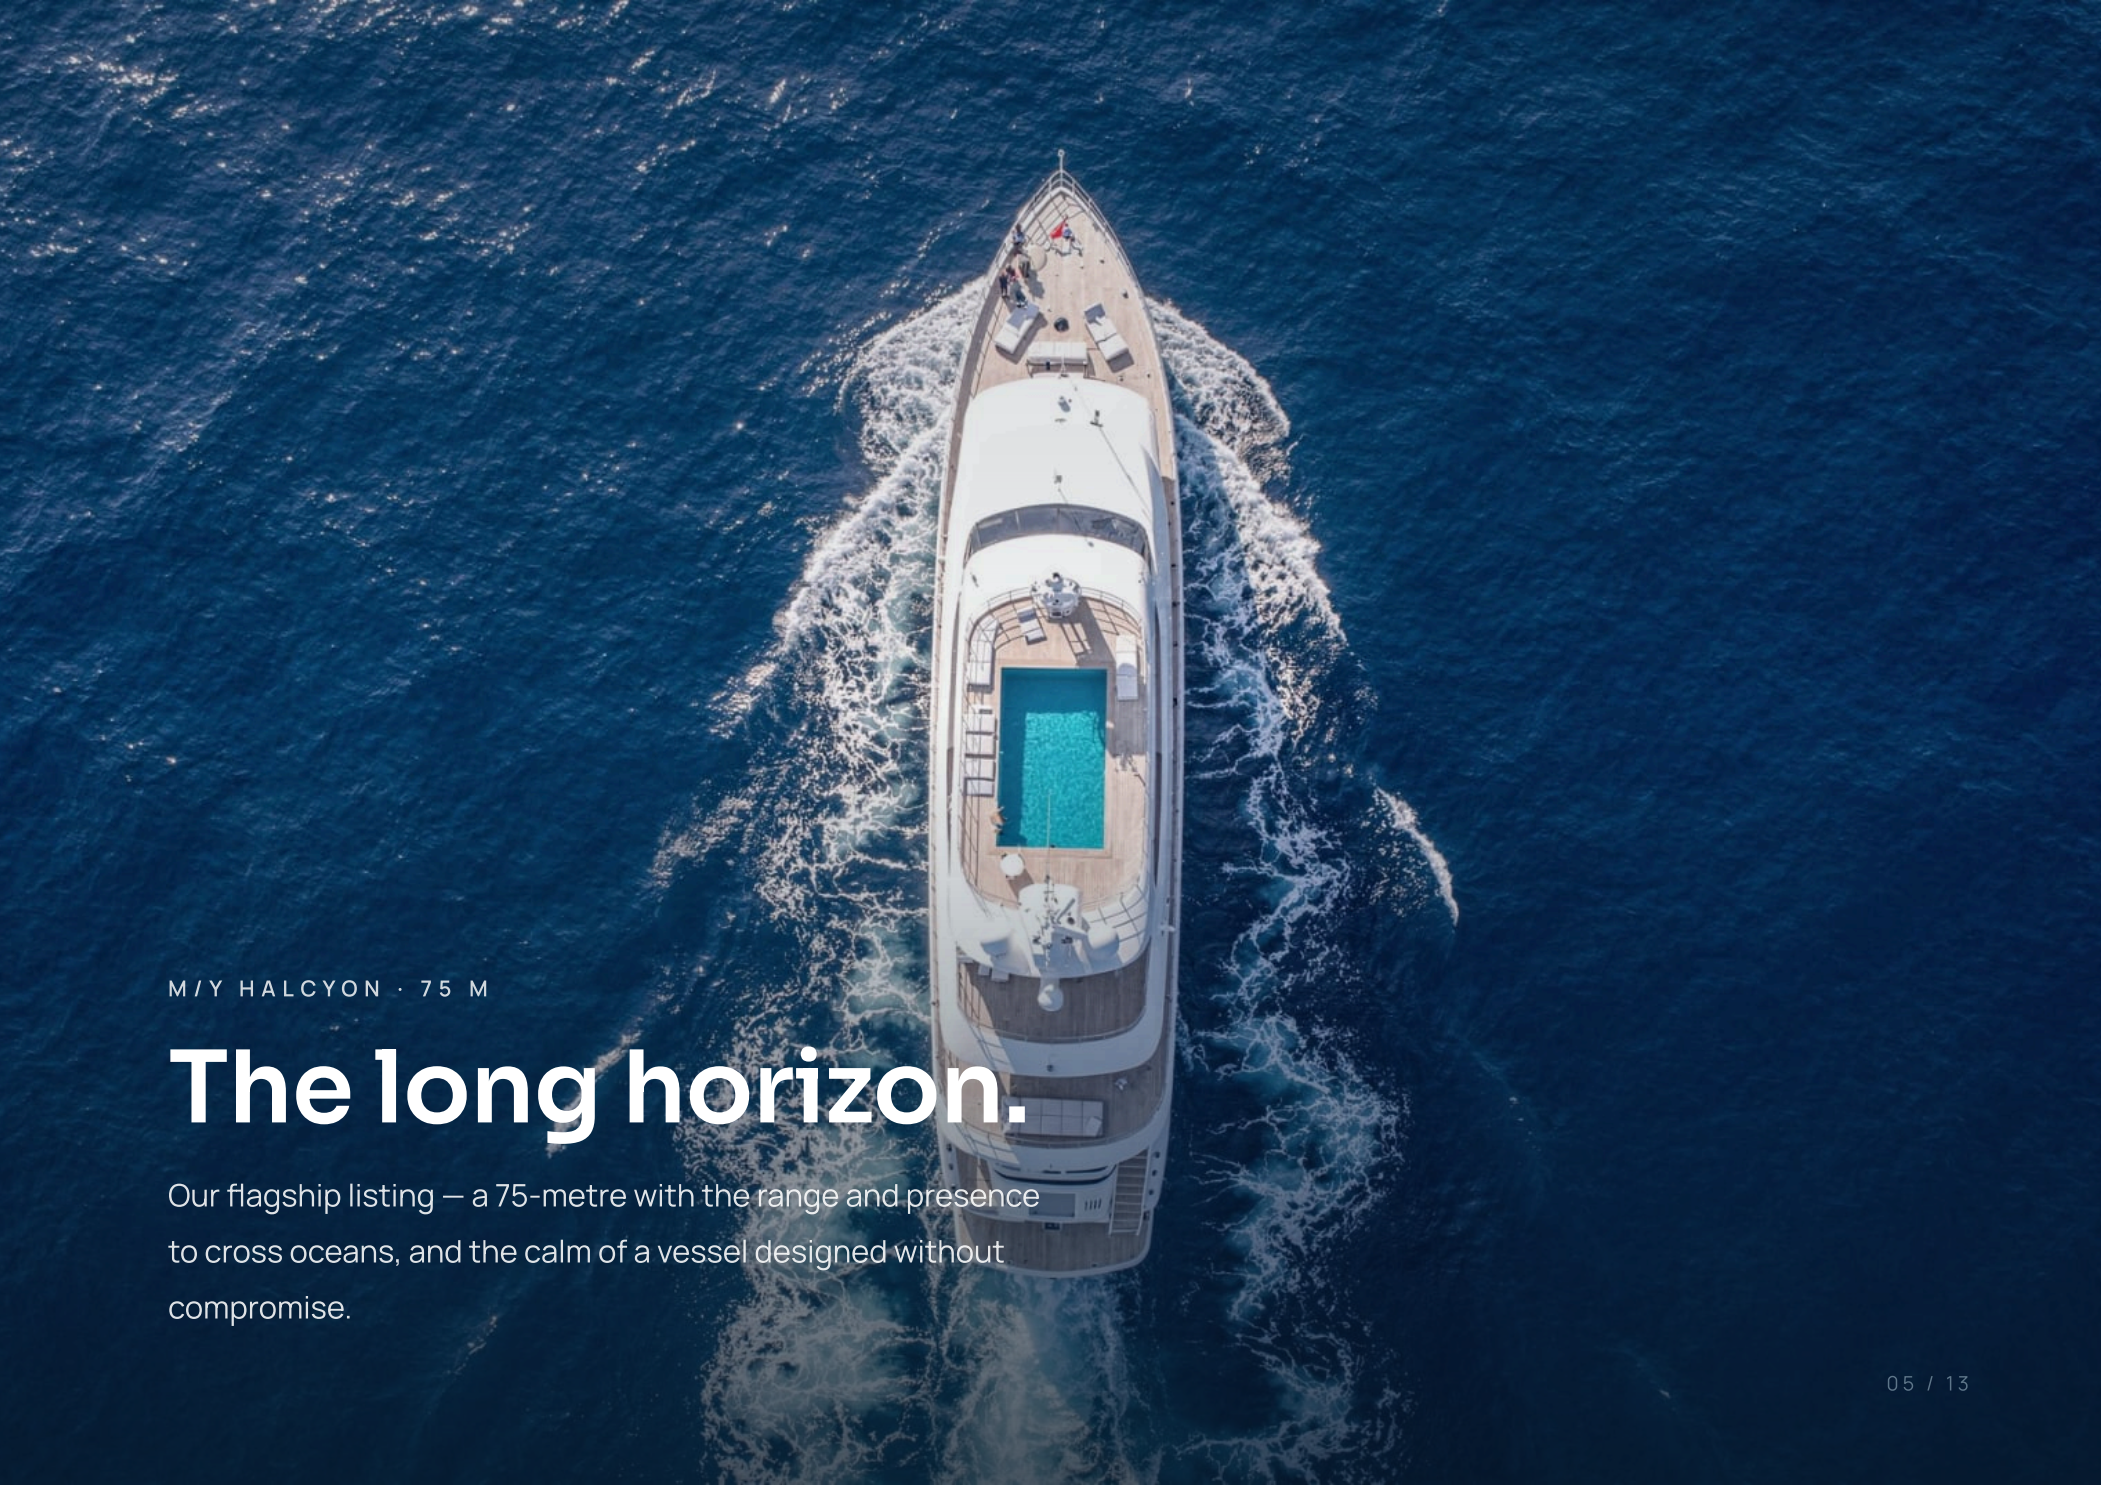

A sleek tri-deck motor yacht built for long, fast passages and easy living — clean lines, a beach club at the waterline and a sun deck that runs the length of the sky.

M/Y SIROCCO · 48 M

Made for the anchorage.

A characterful 48-metre with shallow draft and a generous beam — happiest at anchor in a quiet bay, tender down and the sea a step away.

M/Y HALCYON · 75 M

The long horizon.

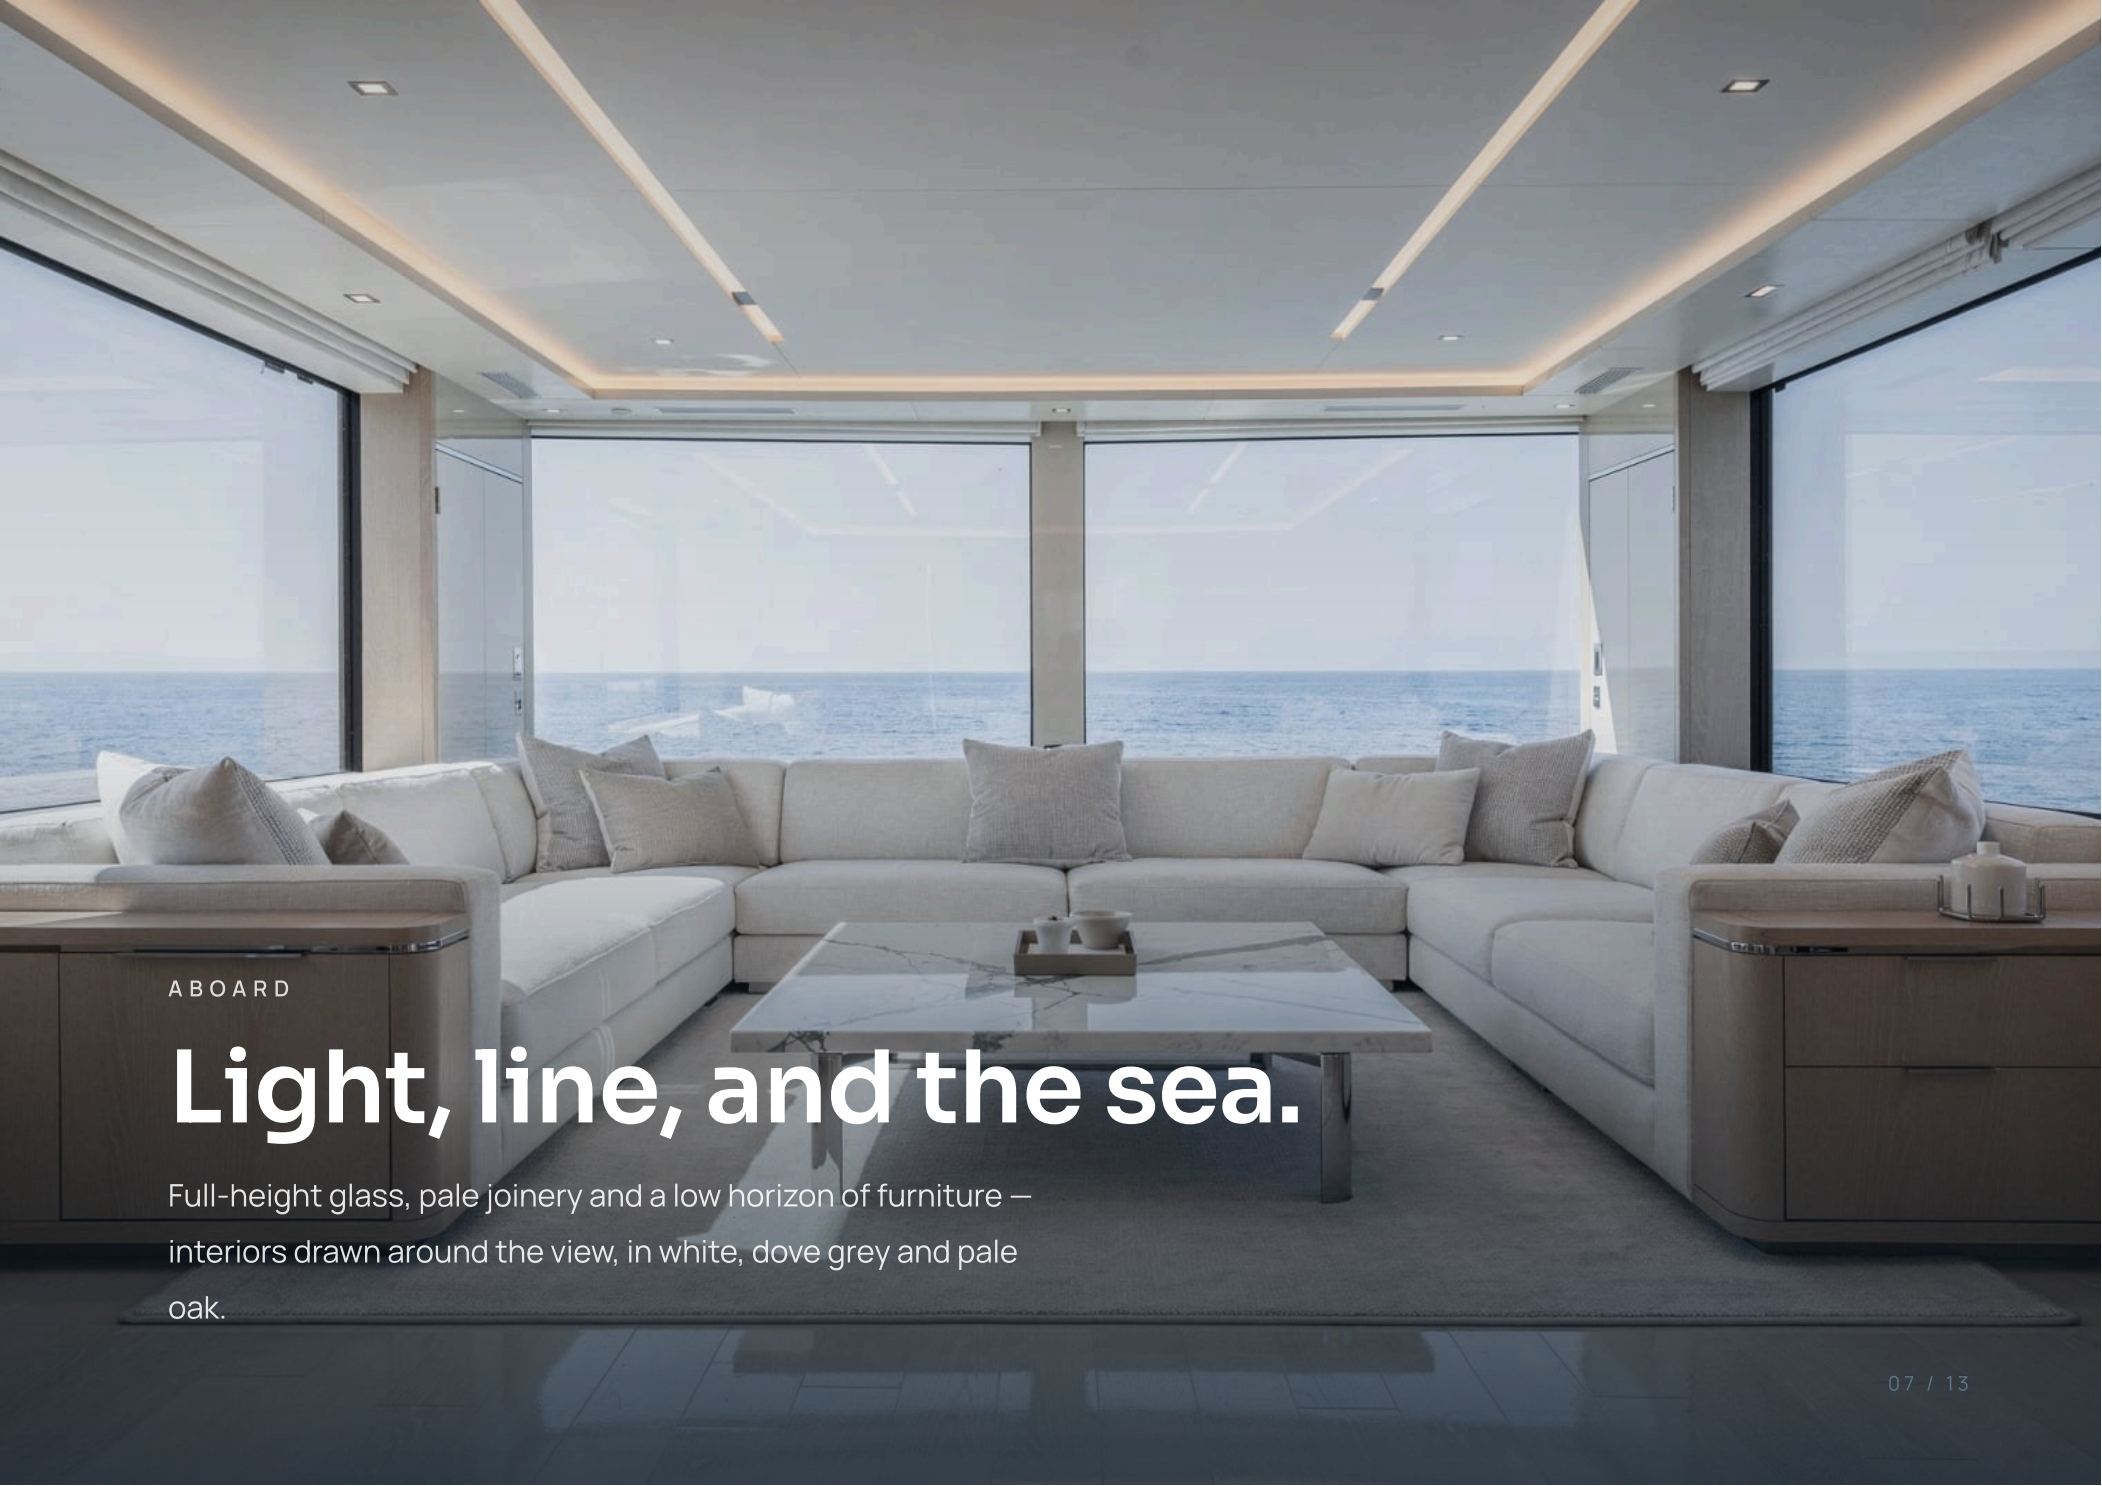

Our flagship listing — a 75-metre with the range and presence to cross oceans, and the calm of a vessel designed without compromise.

M/Y CELESTE · 41 M

Harbour to headland.

A nimble 41-metre that slips in and out of the prettiest harbours, with a sky lounge built for the golden hour.

ABOARD

Light, line, and the sea.

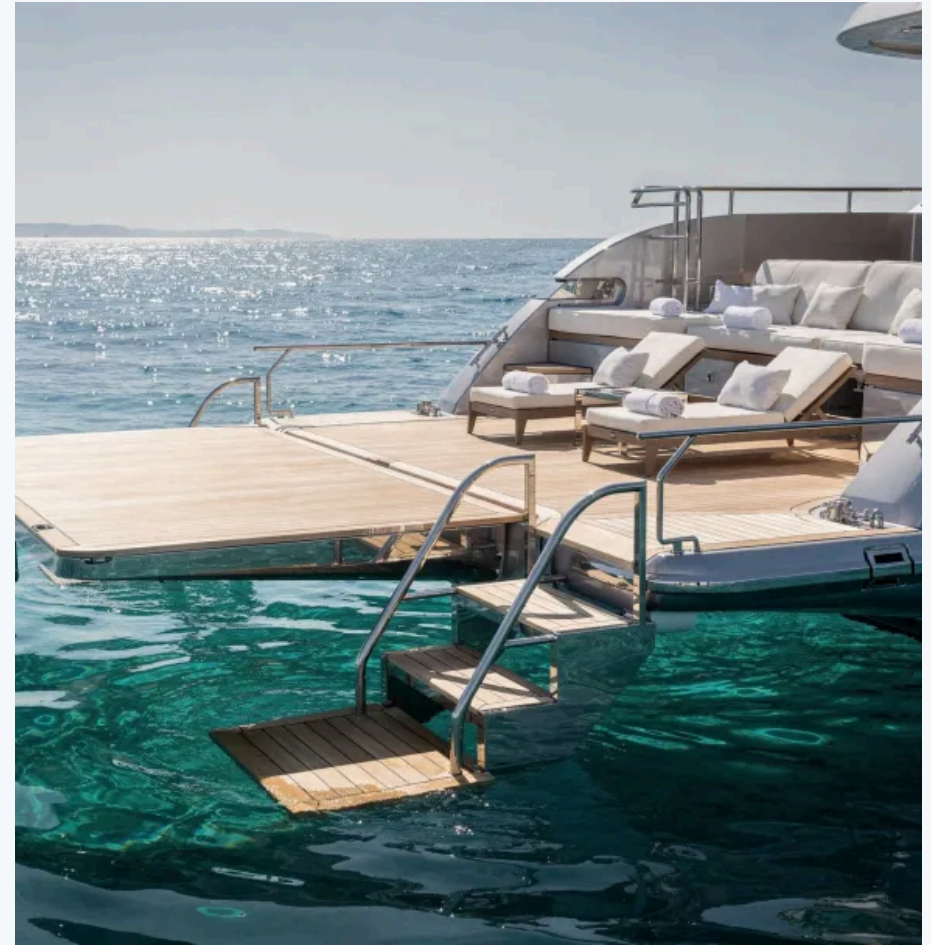

Full-height glass, pale joinery and a low horizon of furniture — interiors drawn around the view, in white, dove grey and pale oak.

THE OWNER'S DECK

A room that meets the sea.

A full-beam master forward of the bridge deck, with windows that bring the water to the bed and the privacy of a deck to itself.

SUN & SEA

**From the top
deck to the
waterline.**

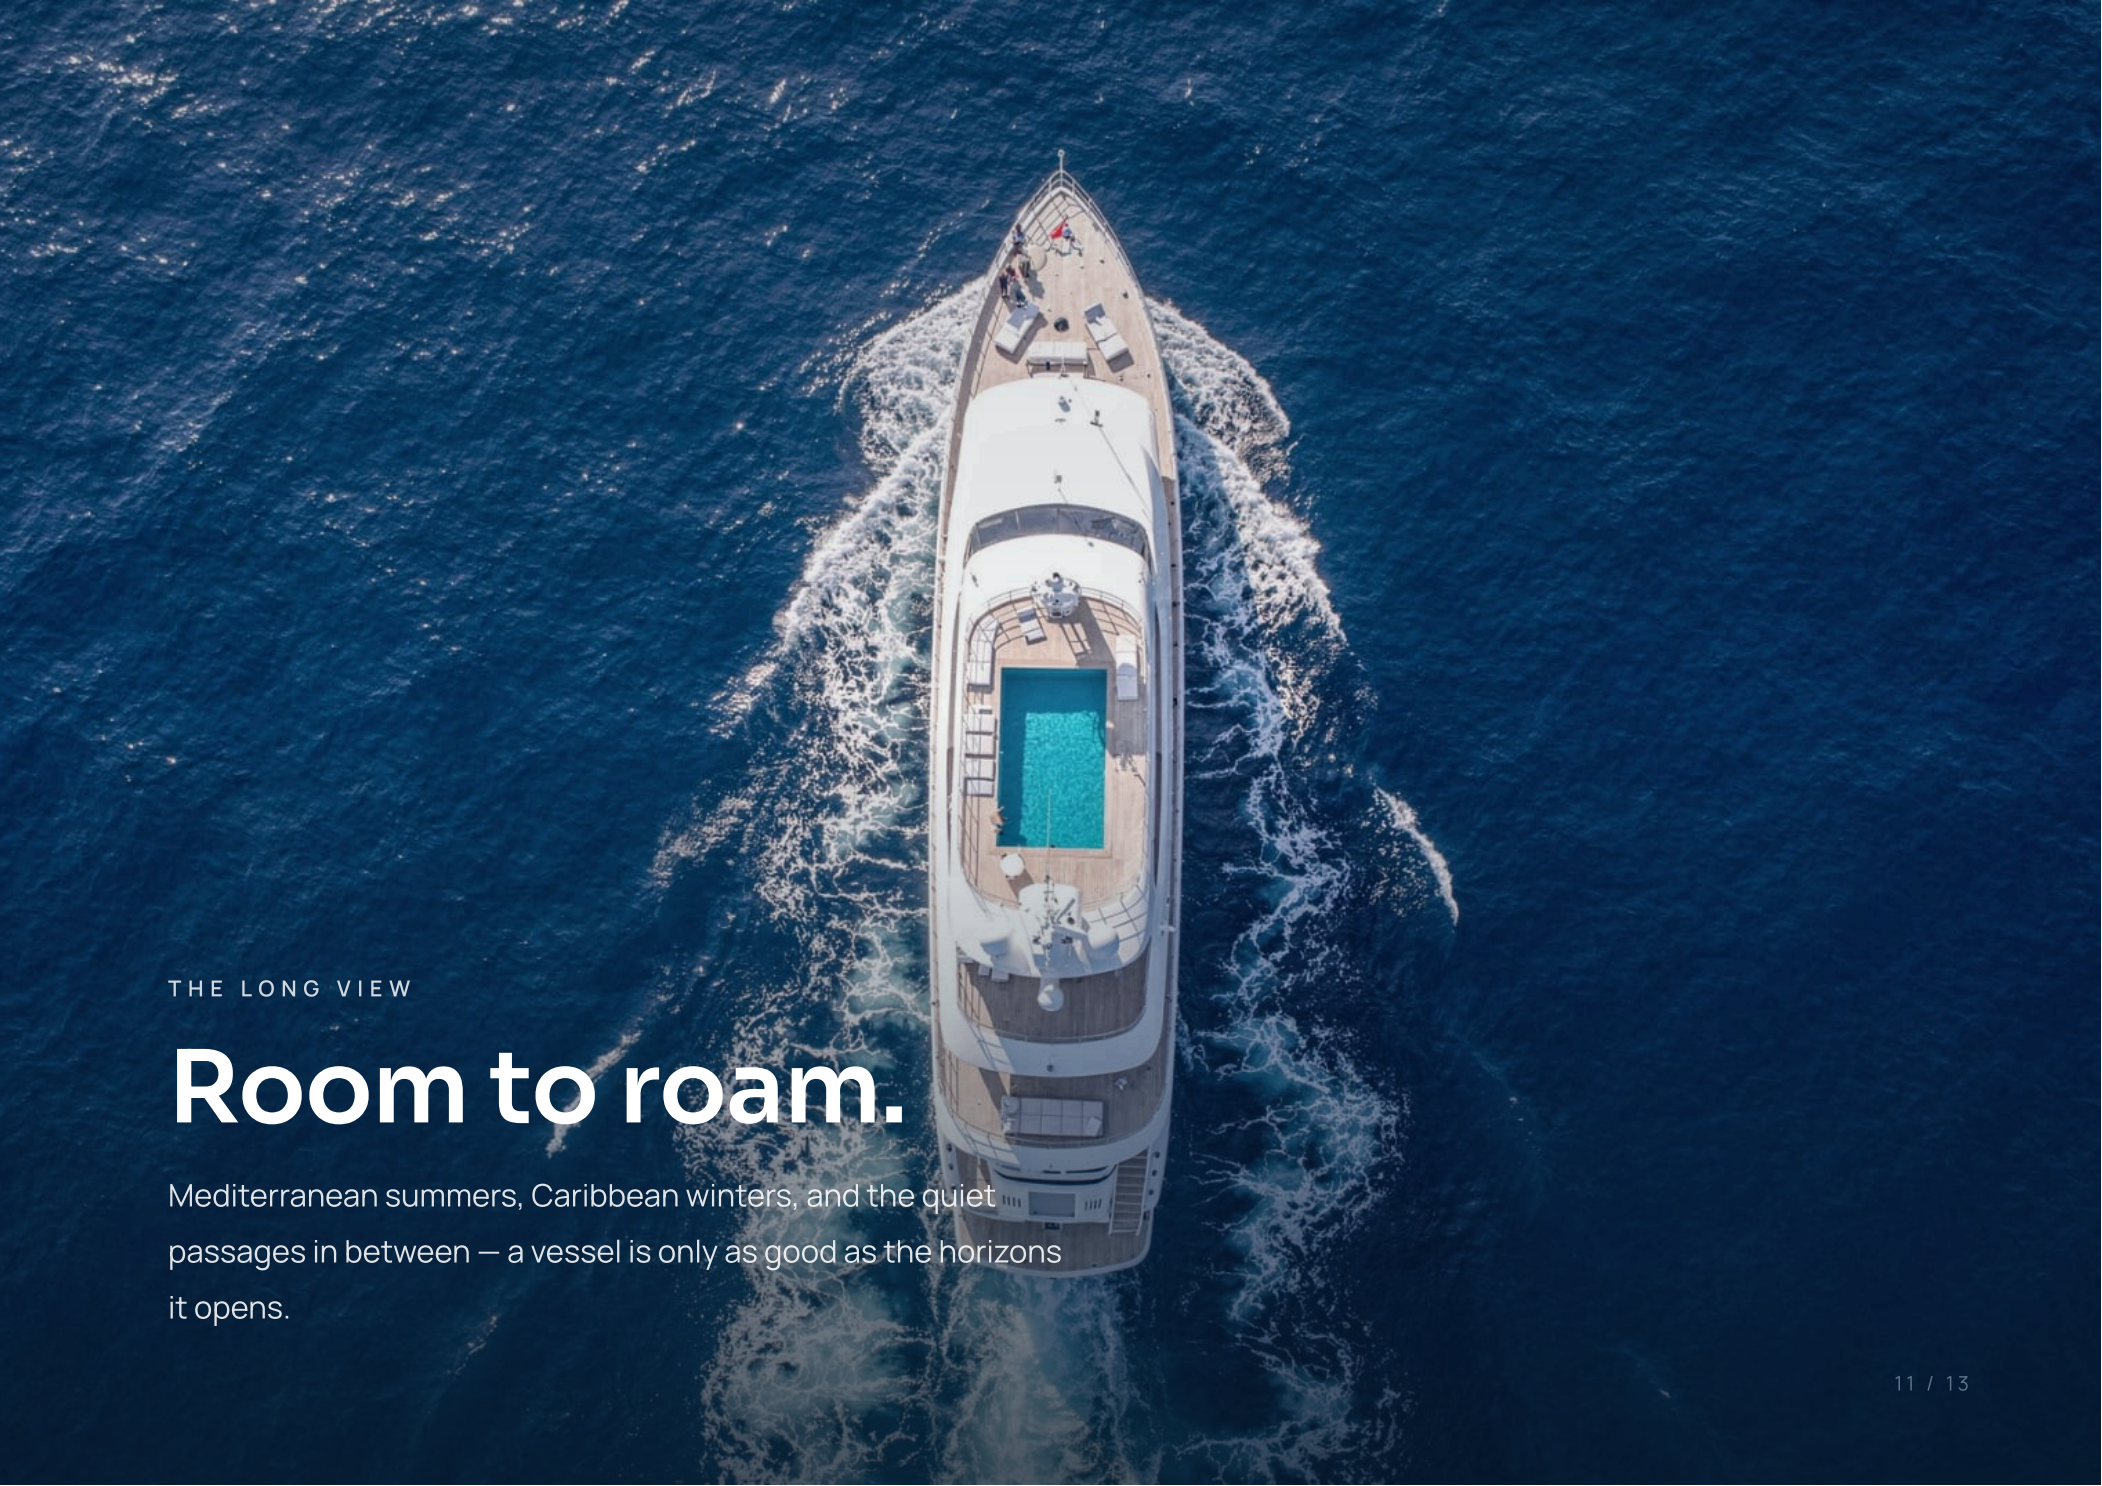

A jacuzzi under open sky, and fold-down
terraces that put the sea within reach — the
two ends of a good day afloat.

AT THE TABLE

Dinner on the water, at dusk.

Al-fresco dining beneath the hardtop as the light goes — the part of the brochure no specification can capture.

An aerial, top-down view of a large cruise ship sailing on a deep blue ocean. The ship is white with a wooden deck and is moving towards the top of the frame, leaving a white wake behind it. On the deck, there is a rectangular swimming pool with bright blue water. Several people can be seen on the deck near the bow. The ship's funnel is visible at the stern.

THE LONG VIEW

Room to roam.

Mediterranean summers, Caribbean winters, and the quiet passages in between — a vessel is only as good as the horizons it opens.

From first sea trial to handover.

Advise. We start with the brief — how you'll use her, where, and with whom — not the listing.

Represent. Surveys, sea trials and negotiation handled with judgement, never pressure.

Find or build. A short, honest shortlist of vessels, or a new-build berth with the right yard.

Hand over. Flag, crew, berth and management in place, so day one afloat is a pleasure.

A DESIGN CONCEPT BY AMS

We build worlds like this.

Meridian is a concept piece by AMS Design — a calm, considered
single-link world for brokerages and firms who sell trust as much as
an asset.
